Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Selected Problem:

Patients face difficulty in booking doctor appointments due to manual scheduling, long waiting time, and lack of real-time updates.

Why this problem?

Hospitals are crowded

No online tracking system

Patients don’t know appointment status

Doctor approval process is manual

Step-2: Brainstorm, Idea Listing and Grouping

In this section, you must write multiple ideas (sticky notes type).

Write ideas like this:

Idea List:

Online doctor appointment booking system

Real-time appointment status tracking

Admin approval system for doctors

Upload medical documents while booking

Notification system for users

Dashboard for admin monitoring

Doctor appointment management panel

Booking history page
